presby

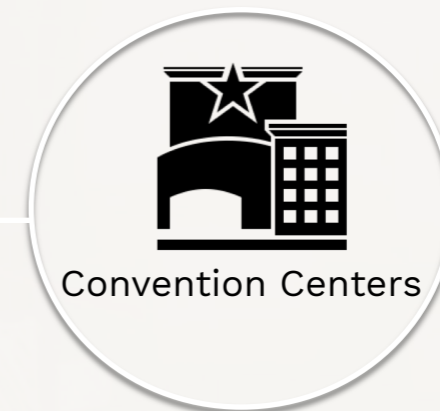

Roche

MERCK

Johnson & Johnson

Design / Built Projects

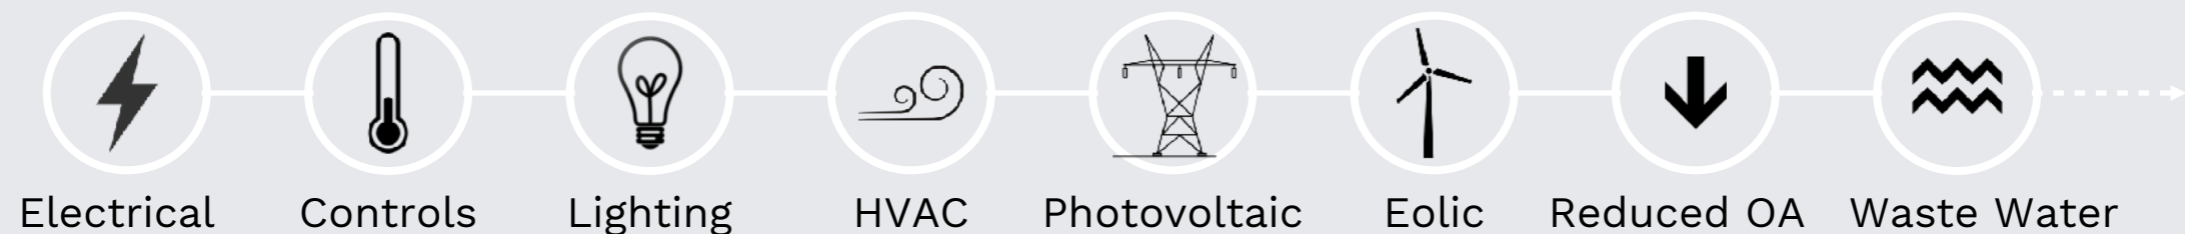

- BEG serves as designers hand to hand, with the contractors in fast track projects where the client requests to obtain a finished product with a fixed construction cost guaranteed investment.
- Performance contract projects.

Energy Conservation Projects

- Expertise in providing our clients with the most energy efficient designs in new and existing project with qualified Certified Energy Managers as part of our in-house team.

- ECM's:

- Ex: In P.R. Cuartel de Ballaja / Minillas Government Center / UPR Cayey / Department of State / Sheraton Convention Center

LEED AP Specialist

- Leadership In Energy and Environmental Design (LEED) Green Building implemented by BEG's Accredited Professionals (LEED APs) making new and existing high performance, sustainable projects.
- Obtaining client's desirable Green Building ranking.
- Ex: Water Authority and Power Administration USVI (Platinum) / Rebekah Colbergh (Gold) / Bernardino Cordero Bernard School (Silver) / Escuela Vocacional de Corozal (Gold)
